DEMING FARMERS TO ERECT LARGE WAREHOUSE; OVER \$200 WORTH OF STOCK IS SUBSCRIBED

Deming, N. M., April 22.—The Mimbre Farmers and Warehouse association held its second meeting in the office of Lynd & Williams Saturday afternoon at 1 o'clock. Committee on stock subscriptions report that over \$200 worth of stock has been subscribed. There was present at the meeting the following: John Hunt, president; Frank L. Williams, vice president and general manager; Ralph A. Lynd, secretary; H. H. Kelly, treasurer, and A. L. Taylor, director. The plan for the warehouse was decided upon, and also its size, \$20,000, and the secretary was instructed to procure bids from contractors for the construction of the same. A committee was appointed to confer with the proper railway officials for securing a site upon which to erect the warehouse. A. L. Taylor, a prominent horticulturist of the Mimbre valley, and a director in the association, stated the purposes and advantages of the same, as follows: "The first purpose is, of course, to provide storehouse for the produce of the farms in the vicinity of Deming, and to make it possible for the farmer, no matter how small his acreage in a particular product, to ship in carload lots. The warehouse capacity will always be kept ample to accommodate everything that needs to be stored. For instance, a farmer has a small ranch of water melons. He desires to sell them and the local market is glutted. He has not enough to make a carload, so he takes what he has to the warehouse and stores them, and just as soon as other farmers bring in enough melons to make out a carload, the melons are shipped out and sold, and each farmer gets his proportionate share of the amount for which the car was sold. In case of emergency, the warehouse is to carry on the business. Again, a warehouse receipt will be issued on all products stored, and the local banks will loan on these receipts from 10 to 50 per cent of the value of the product stored, thus putting money into immediate circulation, as soon as the crops are harvested, and enabling the farmer to get his business onto a cash basis." Mr. Taylor further pointed out the fact that the products stored would be inspected by a regular warehouse inspector, and would thus give Deming produce prestige in the markets, and make it much easier for outside trade to negotiate for produce here. "All the large cities of the middle west," said Mr. Taylor, "have been supported to start with by the farming interests, aided by railroads. Deming has both, and I believe this association for marketing produce will do more than any other one thing to strengthen the farming interests in this community." The stockholders are so far represented by 25 prominent farmers and 25 representative business and professional men. Judge Colin Noblett today drew the names of the grand and petit juries, which will sit at the next term of court in Luna county, convening the third Monday in May. The following were

NEW OFFICERS FOR COMMERCE CHAMBER

Steps are Taken at Clovis to Hold School Bond Election.

Clovis, N. M., April 22.—The newly elected board of directors of the Clovis chamber of commerce has elected the following officers: President, R. D. Oldham, of the First National bank; first vice president, M. Boyle, of the American Bank and Trust company; second vice president, Dr. J. Foster Scott, Jr., secretary, C. A. Clark, treasurer, C. V. Street.

A meeting of the board of education the first official step was taken toward a new high school building for Clovis high school. It was decided to arrange for an election for bonds in the sum of \$25,000 for this purpose. Additional details are to be worked out by the new city council Monday evening and the citizens' mass meeting Tuesday evening.

On account of scarlet fever breaking out in the public schools the board of education thought it best to close the schools. Accordingly, school was dismissed for the term. The local laudate was preached by Rev. S. H. Jones, pastor of the Presbyterian church at the First Methodist church.

CONVICT GLOBE MAN OF CHEWING UP MONEY

Globe, Ariz., April 22.—J. R. McKee has been convicted of grand larceny in the superior court. McKee's case, which has become well known through the unusual spectacle of a man eating a hundred dollars in currency, was presented, attracted a number of visitors to the court room.

John Geisland, proprietor of the Mountain View saloon, charged McKee with taking \$100, which he had put in his safe a short while previous.

While Geisland's back was turned he said he heard a rustle, as of money and wheeling saw McKee with his hand to his mouth and chewing vigorously.

Sheriff Haynes and Geisland tried McKee's jaw open and say they found eight \$10 bills and a \$20 in his mouth. J. R. Roberts, who was brought over from Winkelman on a charge of passing bogus checks and who was indicted by the grand jury, has pleaded guilty in the superior court on four counts.

TEXAS DAIRIES TO BE INSPECTED

Pure Food Inspector Appoints Two Deputies to Help Carry Out Plans.

Austin, Texas, April 22.—Now that the attorney general's department has held that he has the authority and power under the pure food act of the last legislature to inspect, examine, and where necessary, condemn diseased dairy cattle, pure food commissioner J. S. Abbott, who has just returned from Waco, announces that he will push with vigor his campaign against dairymen throughout the state who have such cattle in their herds. He declares he will carry on this campaign in connection with the state legislature, and at the same time against unsanitary slaughter houses. His operations are not to be confined to the larger cities in the state, but will also include the small points in the state, as is already evidenced by the fact that he has detailed two deputy inspectors to examine dairymen in a number of the smaller towns. They are now in the northern and central portions of the state.

Commissioner Abbott's mission is to see that in the larger cities abattoirs are established under municipal control and regulation. He declares that this is the only solution for good, wholesome meat. In the case of Austin, he has just had a conference with mayor A. P. Woodruff, and as a result advises he will close the slaughter pens of Austin within the next few days unless conditions are immediately remedied. He will condemn the unsanitary slaughter houses, and the cattle which are kept in them, they will have to be killed or entirely eliminated from the herd.

MEXICAN LOSES GOATS IN FLOOD

Sale of 10,000 Sheep Is Made at Langtry to Del Rio Man.

Langtry, Texas, April 22.—Col. Garcia, the big Mexican ranchman whose ranch headquarters are on the Rio Grande, lost 500 goats by drowning during last week's big rain. The goats were caught by a flood in a side canon and washed into the Rio Grande, which was also in flooded condition.

Hamilton & Sons, of Del Rio, have bought 10,000 head of mutton sheep from D. Hart. The price paid was about \$45,000. The sheep will be shipped to the markets in the wool, the first shipment leaving today. The balance will be shipped as fast as cars are available.

J. M. Graham is gathering his 33 cattle, and the other cattle, which he recently purchased and will deliver both here and about the 28th, at his place, to Mr. Wetherby of Del Rio.

He killings will ship this week these cattle to the Kansas City market. All the stockmen are preparing to ship stock to market, as shipping goats are fast and cattle in very good condition. The range has come out splendidly since the rains, and there will be lots of fat stock in a short time.

BENNETT RANCH AND STOCK ARE SOLD

Stratford, Texas, April 22.—One of the biggest cattle deals closed here today, when R. I. Bennett, of this place, and Geo. F. Robinson, of Kansas City, purchased the entire land holdings and stock of S. A. Bull, whose ranch lies northwest of Stratford, and who has been in the cattle business for many years.

The deal includes all the horses on the ranch, 1,200 head of stock, and 3,400 acres of patented land in the ranch and between 45,000 and 50,000 acres of leased land.

TO SHIP 1000 CATTLE FROM THE FLYING H

Mayhill, N. M., April 22.—S. S. Ward, manager of the Flying H cattle company, will ship from Tulare on the 20th of this month, to Kansas City, 1000 steers, three years old and up.

Bob McCain, owner of the Flying H, was badly hurt April 5th by running into a tree. His horse started back, and he fell from the side of a tree and was started on the other side.

The Speer cattle company, of Felix, started gathering steers Monday, April 15.

MELROSE LAMB AND PROSPECTS GOOD

Melrose, N. M., April 22.—The grass is coming on rapidly and is already in fine shape.

Lamb and sheep men report a record breaking lamb and calf crop, and the best prospects they have had for years. B. DeGraffenried of Buchanan says the prospect has not been so good for 20 years.

The best of reports are coming from the sheep men, who report a record crop of wool, and a record crop of fleeces. Here the farmers are all busy and report practically no limit to the moisture.

COMING SUMMER CALF

Peecos, Texas, April 22.—That one of the best calf crops of the past five years is going to come on the market this summer, is the statement of local cattle men. Rain has been exceptionally few, but there has been plenty of moisture and cattle are in good shape.

HEAVY STOCK DEALS AT DALHART, TEXAS

Principal Supply of Young Stock Comes From El Paso Territory.

Dalhart, Texas, April 22.—Dalhart is rapidly becoming a center as a livestock market. The splendid range tributary to this city offers the very best opportunities for the cattle business, and the past year has witnessed million-dollar deals in the stock business at this point. The principal supply of young stock comes from El Paso, Texas, and tributary thereto, and the sales mostly supply the Kansas feeders today.

In company of Judge W. B. Slaughter, president of the Panhandle Cattle Raisers' association, C. A. Arthur and Joseph Harrison, of Colorado Springs, Colo., nephews of ex-presidents Arthur Tully of Illinois, and brought up the view of purchasing the large buffalo interests of the judge, and removing them to their ranches in Colorado. The herd consists of 50 fine specimens that will be a credit to any locality. Their splendid present condition indicates the favorable growth of this class of animals on the plains and places them at the head of livestock industries on the range.

AGED "CHILDREN"

Fathers Were in Revolution

There are still living in New England ten or more persons whose fathers were American soldiers in the Revolutionary war. All of them are over 80 and some over 100 years old.

All aged and elderly persons can add greatly to their comfort by keeping their energy and strength up to the highest point through the use of Vinol, our delicious cod liver and iron preparation without oil.

Mr. A. Basford, 55 years old, of Harrisonburg, Va., says: "I have been using Vinol for the past three years and my thirty-second birthday is now. I think Vinol will do all it is recommended to do and that it is all that has kept me alive the past three years. I tried almost every other medicine and found Vinol the best."

Vinol is fine for old people because its immediate effect is to sharpen the appetite and enrich the blood, building up natural strength and energy. We guarantee Vinol to do all this and pay back your money if it does not. Kelly & Pollard, Druggists, El Paso, Texas.

Mr. Frederic J. Haskin, Care The Herald, El Paso, Texas.

Dear Sir:—

I have read your book "The American Government" with a great deal of interest.

At this time, when the country at large is taking so much interest in governmental affairs, your book should prove of special interest. I have found it so.

Yours very truly, W. M. Pryce, County School Superintendent.

The Accuracy of this book is attested by the fact that each chapter has been approved by an eminent authority—that on the President by President Taft, that on the Department of State by Secretary Knox, that on the House of Representatives by Speaker Clark, and so on throughout the thirty chapters of the book.

S.S.S. CURES SKIN DISEASES

The cause of all skin diseases can be traced to some humor or acid in the blood; the outside is always healthy where the circulation is free from impurities. When the blood is infected with acid or unhealthy matter it cannot perform its natural work of nourishing the skin, regulating its temperature and preserving its normal softness, pliability and healthfulness. Instead it irritates and inflames the delicate fibres and tissues around the pores and glands and produces some of the many forms of skin disease. The itching and stinging so often accompanying skin affections are produced by the deposit from the blood of the acid humors with which it is filled, into the sensitive membranous flesh lying just beneath the outer covering, and surrounding the countless pores, pores and glands. This explains why scratching the outer skin affords no relief from the itching and burning. S.S.S. cures Skin Diseases of every character, and permanently cures every variety of skin affection. Local applications can only soothe; they never cure because they do not reach the blood. S.S.S. goes right into the circulation, reaches the trouble and cures it by removing the cause. Book on Skin Diseases and any medical advice free to all who write.
